Knik Goose Bay Road: Vine Road to Settler's Bay Project

Project Background

The Alaska Department of Transportation and Public Facilities (DOT&PF) and DOWL HKM invite you to join us to learn about and discuss the proposed reconstruction of Knik Goose Bay Road (KGB) between Vine Road and Settler's Bay. This 1.8-mile section of roadway in the Matanuska-Susitna Borough is a primary transportation route to Wasilla, Fairview Loop, Settler's Bay, and Point Mackenzie.

Proposed work on this segment of roadway would include:

- Converting the existing two-lane road to a divided four-lane roadway;
- Constructing new access controls and pedestrian facilities; and
- Improving drainage, lighting, and traffic signals.

DOT&PF has designated this section of roadway as a principal arterial, which means it is intended to provide higher mobility and lower access. This project will improve safety, reduce congestion, and increase travel efficiency.

Isn't there another road project along Knik Goose Bay Road?

Since 2011, DOT&PF has been working on design and environmental documentation of a separate project, the 6.5-mile section of KGB to the north between Centaur Avenue and Vine Road.

For information on both projects, please visit www.knikgoosebayroad.com.
